HACKATHON-IN-A-BOX IS SEARCHING FOR THE BEST IDEAS!

Join our innovation contest of
EIT ICT Labs Budapest Associate Partner Group at Bratislava!

Is yours the next startup success story?

Would you step into the miracle world of startups? Do you have a good idea? Dare to dream big and go for it! Would you like to realize it but have no partners? Let's work it out together!

Are you an innovator, programmer, designer, marketing specialist or just a daydreamer? Anyway, this is your place!

Come to our Hackaton co-organized by Hackathon-in-a-box Creative Idea Factory and EIT ICT Labs Budapest Associate Partner Group and supported by the Slovak University of Technology in Bratislava! We expect early-stage and established startups alike! Search for partners, develop your idea, and spend a weekend with us!

Our themes: Cyber-Physical Systems, Future Cloud,   Future Networking Solutions, Health & Well-being, Privacy, Security & Trust, Smart Energy Systems, Smart Spaces, Urban Life and Mobility

Apply now!

You need to bring only your idea and yourself for these two days!
We prepare you to work on your idea in teams, to taste the startupper world and to under-
stand the basics of business mentality. During the co-operative work – with the help of ex-
perienced mentors – you can add great business potential to your idea, and the final
challenge will be presenting it in front of a jury of specialists and investors.

Any idea is welcome!
You can come up with anything at the contest from inventions, product and service ideas to mobile
apps or games. Apply as early as possible, but latest **till 11 December 2014**. Come, bring your
team as well, and let's work together with the best Hungarian startup faces on your ideas!

Let's meet at the Hackathon!
