**Further conditions of admission to bachelor study program
taught in English
at the Faculty of Informatics and Information Technologies
of the Slovak University of Technology in Bratislava
for the academic year 2026/2027**

Article 1

Introductory provisions

(1) Further conditions of admission to bachelor study program taught in English (hereinafter referred to as "bachelor studies") at the Faculty of Informatics and Information Technologies of the Slovak University of Technology in Bratislava (hereinafter referred to as "faculty" or "FIIT STU") for the academic year 2026/2027 (hereinafter referred to as "further conditions of admission") are determined on the basis of Section 57 (1) of Act No. 131/2002 Coll. 5/2013 Rules and Conditions of Admission to Study Programs of First, Second and Third Degree at the Slovak University of Technology in Bratislava, as amended (hereinafter referred to as "STU") and the Statute of FIIT STU (Article 18 (1)). They further regulate the deadline for submission of applications for bachelor studies, the method of determining the number of admitted applicants for bachelor studies, the conditions of admission, the method of verifying their fulfilment and the method of evaluating the results.

Article 2

General principles and considerations for determining the suitability of applicants

(1) The basic condition for admission to bachelor studies is the successful completion of full secondary general education or full secondary vocational education¹.

(2) The professional competence of applicants for bachelor studies shall be assessed based on the results achieved during secondary studies, supported by appropriate documents, and/or other achievements demonstrating the professional competence of the applicants as determined by these further conditions of admission.

(3) Foreign applicants and applicants who have completed secondary education abroad shall submit a decision on the recognition of an educational document issued by the relevant regional office in the region of the permanent residence of the applicant or the region of the university location in accordance to Act No. 422/2015 Coll. on the recognition of educational documents and on the recognition of professional qualifications and on the amendments and supplements to certain acts, as amended. Further information on this step can be found at <https://uznavanie.minedu.sk/en/navigator/>.

¹ § 56 par. 1 of the Act

Article 3

Organizational principles

(1) An applicant will be included in the admission procedure if he/she delivers an application for studies in electronic form without a guaranteed electronic signature using the STU Academic Information System (hereinafter referred to as "AIS" and "electronic application") by the deadline set by the dean. The link for submitting electronic applications in the AIS is available on the faculty's website no later than two months before the last day for submission of applications for studies.

(2) A candidate for studies may deliver a paper application form completed outside the AIS on a form prescribed by the Ministry of Education, Youth and Sports of the Slovak Republic to the address of the faculty. The faculty accepts applications in paper forms delivered to the study department with the date of dispatch no later than the deadline for submitting applications.

(3) The applicant shall pay a fee for the material support of the admission procedure². Neither the material fee nor any part of it shall be refunded to the applicant after the deadline for the submission of applications.

(4) The applicant shall provide the following attachments to the application form to the faculty by the date set for the submission of the application form and deliver them to the faculty in paper form before or on the day of enrollment to study at the latest:

a) a proof of English language proficiency at a level of B2 or higher of the CEFR (unless secondary education was completed in English),

b) a certificate of completion of secondary education (if the certificate of completion of secondary education is issued in a language other than Slovak or English, the applicant shall deliver its official translation into Slovak or English or a notarized copy, and a decision on the recognition of the educational document. If the applicant graduated from a Slovak secondary school, he/she delivers a notarized copy of the graduation certificate),

(5) In addition to the required attachments pursuant to point (4) of this Article, the applicant shall attach to the application form a confirmation (copy) of payment of the material admission fee pursuant to point (3) of this Article, if he/she has not paid the material admission fee by credit card in the electronic application form in the AIS.

(6) The documents attached to the application form shall not be returned to the applicant but shall remain part of the admission documentation.

(7) The number of applicants that the faculty may admit studying the relevant study programs of the Bachelor's degree is determined by the Dean of the Faculty³ based on proposals of the directors of institutes responsible for the relevant study program.

² § 92 par. 12 of the Act

³ Pursuant to § 55 par. 7 of the Act and Art. 2 points 1 to 3 of the Internal Regulation No. 5/2013 Rules and Conditions of Admission to Study Programs of the First, Second and Third Degree at the Slovak University of Technology in Bratislava, as amended by Amendments 1 and 2.

Article 4

Evaluation of the admission procedure

- (1) The main aim of the admission procedure for bachelor studies is to verify the applicant's professional competence to study the chosen study program.
- (2) The evaluation of the admission procedure and the proposal of applicants for admission to bachelor studies in the relevant study program shall be carried out by the examination committee for the assessment of the professional competence of applicants for bachelor studies, which shall be appointed by the Dean of the Faculty.
- (3) The entrance examination shall be written and oral, thematically focused on the area of the field of study relevant to the study program pursued. The detailed content will be determined by the Dean of the Faculty.
- (4) The written part of the entrance examination will be in mathematics and will be held online.
- (5) The oral part of the entrance examination shall be held before a committee, in person or online, appointed in accordance with point (2) of this Article. It shall have the form of an interview, where the committee shall consider:
 - a) the applicant's proven professional knowledge and skills in the field of study concerned,
 - b) the applicant's English language ability.
- (6) The Committee shall rank the candidates based on the assessment under points (4) and (5) of this Article. The selection of applicants proposed for admission shall be based on the ranking of the applicants and the number of applicants the faculty has decided to admit to the relevant study program. The dean may increase the number of admitted candidates by a maximum of 50%.
- (7) A record is kept of the outcome of the admission procedure.

Article 5

Decision on the outcome of the admission procedure

- (1) The Dean of the Faculty decides on the admission of an applicant to study.
- (2) The details of the decision on the result of the admission procedure and its delivery shall be governed by the law and the internal regulations of STU⁴.
- (3) An applicant may submit a request for a review of the dean's decision within eight days from the date of its delivery. The request shall be submitted to the faculty registry. The procedure for
